Motion made by Janke, second by Johnson to approve June 8, 2009minutes, motion carried.

Motion made by Johnson, second by Janke to approve the agenda. Motion carried.

Discussion focused on the LRIP Web based application system. The LRIP programming personnel were not ready to release the program to begin the training at the Winter Conference. Tom had sent some emails to LRIP personnel and did not get response on his questions. Committee chair will follow up to see insure proper communication between committee members and LRIP. We discussed possibly meeting at the Madison office when the program is ready, committee chair will contact LRIP to verify if this is a possibility and set up the date with committee and testing members.

There being no further business, motion to adjourn was made by Johnson, second by Janke, motion carried. Meeting was adjourned at 8:20 am.

Respectfully submitted,  
Dennis Weiss, Chairman
