

Subject: Online Manual Instructions

For access to the WI-DOT on-line; FDM, Construction Specs. and other information, everyone will need to go through the following self registration procedure to get a user id and password.

Please go to the following web address to find instructions for accessing Wisconsin DOT's Extranet.

<http://on.wisconsin.gov/servlet/wimap/selfreg.SelfRegController>

Please note that registration to create a State of Wisconsin user ID is a 2-step process. You must respond to a link in the e-mail message you will receive from the Department of Electronic Government in order to complete the process.

If you have any problems setting up your Extranet account, e-mail the following site:

help@wisconsin.gov

Once you have created your State of Wisconsin user ID, you can go to the following sites for information.

Online FDM:

<https://trust.dot.state.wi.us/extntgtwy/fdm/>

Construction References:

<https://www.dot.state.wi.us:6131/extntgtwy/dtidcons/constnds/>

Consultant Information:

<https://trust.dot.state.wi.us/extntgtwy/consultants/>

If you have any trouble accessing the construction references site, please call our computer help desk at (608) 266-9434.

Please share this information with others in your organization who may use WisDOT manuals.
